

# TECHNICAL TEAM ROBOGALS GLOBAL

## ROBOGALS

Robogals is an international, not-for-profit organisation that aims to inspire, engage and empower young women into engineering and related fields. This is achieved through fun and educational initiatives aimed at girls in primary and secondary school. Since its inception in 2008, Robogals has engaged over 60,000 girls around the world.

## THE ROLE

Robogals is seeking bright individuals to join our new technical team. Your main role will be involved with developing and improving upon our internal statistics recording system, myRobogals, as well as various bits and pieces revolved around web development. Our web framework of choice is Django, which is mainly written in Python. While having experience with Django or Python is desirable, it is not a requirement. We are looking for interested individuals who are willing to learn and take on the role. In the future, we plan to branch out from web development into other technical related aspects of the organisation.

Please note that this is a voluntary role and there will be no monetary reimbursement for your time. Candidates should have a passion for learning and an eagerness to develop new skills. Your values should align with Robogals organisation goals. We believe in growing together and team members are encouraged to ask questions and share their skills. Members of the Technical Team will report to the Chief Technology Officer (CTO).

## RESPONSIBILITIES

- Write quality code in new and existing projects
- Excellent communication skills
- Use web development technologies such as the Django framework, HTML, CSS, Javascript, PHP, etc.
- Expected to work with minimal supervision, minimum 4 hours a week or meet deadlines.
- Attend an hourly meeting every fortnight
- Depending on your interests, there are various roles available such as front-end, back-end, sysadmin, security etc.

## APPLICATION PROCESS

Applications are evaluated and accepted on a rolling basis. There are no requirements for this role, applicants for this position will be reviewed based on their interests and time commitments as this role requires a some attention.

To enquire about the role, please email the Robogals CTO, Sing Le at [sing@robogals.org](mailto:sing@robogals.org). Please do not hesitate to send any questions you may have through. Hope to hear from you soon!
